The Most Popular Colleges are the schools that receive the most views on Niche.com.

Niche Grades evaluate specific aspects of campus life based on rigorous data analysis along with millions of student reviews.

Public colleges receive state funding and offer in-state residents lower tuition. **Private colleges** don't distinguish between in-state and out-of-state.

Net Price is average cost after financial aid for students receiving grant or scholarship aid, as reported by the college.

Acceptance Rate is the percentage of students who apply to a college and are accepted.

A college's **SAT and ACT ranges** represent the test scores of the 25th and 75th percentile of students who are enrolled.

Student Faculty Ratio is the number of students who attend a college, divided by the number of faculty. A ratio of 10:1 indicates 10 students for every one faculty.

Graduation Rate is the percentage of undergraduate students who receive their degree within six years.
